

Press Release

EPM Handels AG under new management: Rebekka Lienhard is the new CEO

Geroldswil, 6th October 2010 - The Swiss company, EPM Handels AG is under new management by Rebekka Lienhard. The entrepreneur takes over the guidance of the company with its headquarters in Geroldswil, Zurich, from the present owner Roland M. Hatebur. As a manager she will lead the operating business. Lienhard, who was born in 1980, has been working at the company since September, 2008 in a management position in sales. Together with her partner Matthias Koeppel, Rebekka Lienhard acquired 100% of the share block from Roland M. Hatebur. Matthias Koeppel is also a long-standing employee of the EPM Handels AG and will take over the areas of Service, Development and Projects in the course of the new management positioning.

The aim and guidelines of both of these young entrepreneurs is to optimise the customer contact and to guarantee customer satisfaction into the future. With continuity amongst the employees, the sustainability of the EPM Handels AG should be strengthened, and new distribution channels should be opened.

The present sole owner Roland M. Hatebur wishes both of the young entrepreneurs lots of success, and plans to return to new duties after a sabbatical.

The new management thanks Mr. Hatebur for the service he has provided with the EPM Handels AG.

About EPM

The EPM Handels AG was founded in 1972 in Geroldswil and deals with the development, the construction and the worldwide distribution of selective and wave soldering machines for the electronics industry. Competence in the linked services, such as consultation and servicing rounds off the customer package. The EPM Handels AG operates in the direct distribution and with selected partner networks.
