

April 1, 2016 – EPM moves again – to the 4th floor of the listed building in Dottikon. The building was originally built as a shoe factory of the world-renowned brand Bally. Setz Gütertransporte AG later rented the building until 1999, when they purchased the whole Bally area and converted into a real estate company. More information on this interesting story can be found at: <https://setz.com/>

This is an ideal location for EPM. The building is perfectly connected to both the motorway and public transport and additionally offers an interesting mix of tradition and modernity.

We look forward to welcoming you to the 4<sup>th</sup> floor.

Ihr EPM Team
